

## **November 2019: Hershey Underground 69kV Power Line Project Update**

We finished backfilling around the tennis courts and completed paving Homestead Road. We started paving the Hershey Company parking lot and are continuing trenching behind the Hershey School baseball field.

We plan to complete all construction work by Thanksgiving. We will complete the restoration work for the Hershey Company Parking lot and Hershey School property in the Spring to ensure the best grass growth.

We will not start construction on the remainder of the line until January/ February 2020. The aboveground line will be removed once the underground line is complete.

We'll continue to keep you updated on the project by sharing monthly updates in the Derry Township eNews and Derry Township newsletter. As construction begins in your area, we will also provide door-to-door outreach to affected residents.

For more information or further questions, please visit our website at [www.pplelectric.com/HersheyProject](http://www.pplelectric.com/HersheyProject), email [HersheyProject@pplweb.com](mailto:HersheyProject@pplweb.com) or call us at 717-560-2437.

We appreciate your continued support.
